## Massacre in Paris

Hindu Swayamsevak Sangh UK condemns the brutal massacre of innocent people that took place in Paris and all other acts of violence in mainland Europe and elsewhere that have caused loss of life and limb.

We categorically and unconditionally denounce, as we have done previously, all forms of violence, in particular those based on religious faith and ideology.

We extend our prayers for the departed souls, and our thoughts and sympathies are with the families of those killed / injured.

END
